

To remain sustainable in a highly scrutinized and regulated industry, not-for-profits need to find ways to operate efficiently, plan strategically and mitigate risk proactively.

Grassi's Not-for-Profit specialists help organizations achieve greater sustainability through advice and services based on a thorough understanding of the industry's best practices. Our advisors leverage decades of experience to show clients how to make more confident decisions about their operations, internal controls, technology, governance and risk management.

From our audit recommendations and tax planning strategies to our organizational assessments and succession plans, all of our Not-for-Profit services are focused on helping your organization fulfill its mission by protecting its financial health and reputation.

Services offered:

- Audits, Reviews and Compilations
